

## Booster Seat Legislation

Booster seat laws are expanding across the nation, while there still exists over 40 million vehicles on the road with lap-only belts.

The Ride Ryte™ booster used with the E-Z-ON® Products® Kid Y or 86Y harness is the *safest* (FMVSS213 approved) and most *cost effective* answer to meet your state guidelines if your vehicle has lap-only belts. The Ride Ryte™ booster is also tested to be used with lap and shoulder belts too!

Booster Seat Legislation Map

### Map Legend

#### Passed as Law

**38 States**  
and District of Columbia

AL	Jun-06	Children under 6
